RE: Liquidation following notification of ITC negative determination of critical circumstances for non-oriented electrical steel from the PRC for the period before 05/22/2014 (A-570-996)

1. This message pertains to the critical circumstances determination. On 05/22/2014, Commerce published in the Federal Register (79 FR 29421) its preliminary affirmative determinations of sales at less-than-fair-value (LTFV) and critical circumstances in the antidumping duty investigation of non-oriented electrical steel (NOES) from the People's Republic of China (PRC) (A-570-996). Commerce determined that critical circumstances existed for imports of NOES from the PRC from the PRC-wide entity. Accordingly, in message number 4143307, dated 05/23/2014, Commerce instructed CBP to suspend liquidation of such shipments that were entered, or withdrawn from warehouse, for consumption on or after 02/21/2014, which is 90 days before the date of publication of the preliminary determination in the Federal Register. In addition, for such merchandise entered, or withdrawn from warehouse, for consumption during this period Commerce instructed CBP to require a cash deposit.

2. On 12/02/2014, the International Trade Commission (ITC) determined that critical circumstances do not exist with respect to subject imports from the PRC (79 FR 71446). Accordingly, for suspended entries of NOES from the PRC that were entered, or withdrawn from warehouse, for consumption on or after 02/21/2014 and before 05/22/2014, CBP should terminate the suspension of liquidation and liquidate the entries without regard to antidumping duties (i.e., refund all cash deposits).

3. Notice of lifting of suspension of liquidation of entries entered, or withdrawn from warehouse, for consumption on or after 02/21/2014 and before 05/22/2014 (the date of publication of Commerce's preliminary determination notice in the Federal Register) occurred with the publication of the ITC's final determination of its investigation (79 FR 71446, 12/02/2014). For all other shipments of NOES from the PRC, continue to collect cash deposits of estimated antidumping duties for the merchandise at the current rates unless instructed otherwise.

4. The interest provisions of section 778 of the Tariff Act of 1930, as amended, do not apply.
